# Instructions for nachtmusik

nachtmusik is a simple MP3 sound file player.

- To operate nachtmusik, simply launch it and click the ellipsis (...) button to choose a folder full of songs to play.

- After choosing the folder, you may click the information text area of the nachtmusik program to shuffle your list of songs.

- Click the play button to begin playback. Click it again to pause. Click the skip button to move to the next song in the list. (If nachtmusik is at the end of the list, it will go back to the beginning.)

- Click the small moon to set playback volume, and click the URL button to load nightwares LLC's Web site.

nachtmusik was written by Warren Ockrassa using Macromedia Director MX 2004 on a Macintosh iBook running OSX 10.3.5. Original code and graphics © 2004 Warren Ockrassa.
